

MEET SARIN

We Make High Quality Lights That You Can Count On

SARIN Energy Solutions is a Kansas City-based company that provides efficient LED lighting fixtures—backed by extensive warranties—all across the country. We manufacture commercial-grade LED lights at the highest standard so you can rely on them for years to come.

Our items have been age tested and certified to give you absolute peace of mind. Most of our products use Philips LED chips and MEAN WELL drivers. They are crafted with durable materials in a variety of finishes.

Our Mission

Our goal is to provide the best customer service to every client, every time. We have hundreds of carefully-built lighting fixtures that are designed to last and ensure your utmost satisfaction. You can be confident in your investment with SARIN products.

INTERIOR LIGHTING

Reinvent Your Space with Cutting-Edge LEDs

At SARIN Energy, we take pride in our high-quality and elegant LED lights. With so many design possibilities, you can create the atmosphere to delight anyone’s sense of style and taste. The ability to reduce utility bills and achieve significant energy savings is just a bonus. Show off your sophistication with luxury fixtures that truly elevate your decor.

Our interior products have superior light distribution and versatility for a multitude of applications, from accent to illumination. In addition to the savings from switching to energy-efficient LEDs, you can also benefit from noticeable reductions in maintenance costs over the life of the system. LED technology lasts 4 to 8 times longer than modern incandescent or CFL lights.

We are dedicated to ensuring that your lighting needs are met. Nearly all of our lights are available in color temperatures ranging from 2700-6500K. Many of our products can be custom ordered with various sizes, colors, wattages, accessories, diffusers, finishes, and features. For more information about optional customizations, call us at [855-997-2746](tel:855-997-2746).

LED LIGHTED MIRRORS

SARIN's LED Lighted Mirrors feature quality grade materials and diffusers which are elegant and have minimum glare. These mirrors feature anti-fogging technology, dimmable lighting, and have a high IP rating, suitable for damp environments.

Applications:

- Homes
- Offices
- Hotels
- Restaurants

LED LINEAR & TUBE LIGHTS

SARIN's LED Tube Lights are used in a variety of applications. Replace old fluorescent tube lighting with new, energy efficient T8s. Most linear lights can have a clear, striped, or frosted lens. Phantom Lights add flair to any indoor area with the ability to change color temperature and dim.

Applications:

- Offices
- Schools
- Grocery Stores
- Convenience Stores

Tubes are sold separately for fixtures that require them.

LED HIGH BAY LIGHTS

SARIN's LED High Bays are built from strong materials that are safe for use in extreme temperatures. They are perfect for areas with high ceilings that would be difficult to light up efficiently with typical ceiling lights.

Applications:

- Warehouses
- Factories
- Exhibition Halls
- Gymnasiums

INTERIOR LED HIGH BAY LIGHTS

A SARIN Energy partnership

EXTERIOR LIGHTING

Waterproof Lighting for Every Situation

SARIN's exterior LED lamps are weather-proof and sure to light the way for years. Impress and welcome guests by bringing modern refinement to the rugged outdoors. It's time to take control of your exterior with radiant displays that have the power to captivate and turn night into day.

These lights are far more energy-efficient than standard halogen and metal halide lights. Whether you're looking to illuminate areas for safety or add a splash of color to enhance your architecture, SARIN has a solution for you! You can even use a photocell sensor with your lights so they automatically turn on at night to save you the hassle.

We are dedicated to ensuring that your lighting needs are met. Nearly all of our lights are available in color temperatures ranging from 2700-6500K. Many of our products can be custom ordered with various sizes, colors, wattages, accessories, diffusers, finishes, and features. For more information about optional customizations, call us at [855-997-2746](tel:855-997-2746).

LED WALL LAMPS

SARIN's LED Wall Lamps are perfect for adding splashes of light or color to any wall. These lights are designed with style and durability in mind. They are sure to enhance the allure of your building for years to come! All of the lights in this section have optional finishes.

Applications:

- Hotels
- Restaurants
- Places of Worship
- Hospitals

Bulbs are sold separately for fixtures that require them.

LED FLOOD & POLE LIGHTS

SARIN's LED Flood and Pole Lights are used to replace high pressure sodium flood lights and metal halides and can provide an energy savings of up to 70%. These flood lights will shine in the toughest weather conditions with an impenetrable housing and powder-coated finish. Say goodbye to the hassle of frequently using maintenance lift trucks.

Applications:

- Parking Lots
- Stadiums
- Billboards
- Playgrounds

LED SOLAR LIGHTS

SARIN's LED Solar Lights are perfect for remote locations that do not have a power source or to reduce energy costs. These lights can run for days on one charge as long as they get access to direct sunlight. Extra care has been taken to ensure the highest degree of reliability for solar LED lights. All of these fixtures have replaceable batteries.

Applications:

- Area Lighting
- Street Lighting
- Isolated Locations
- Parking Lots
- Sidewalks

• Warranty Covers Product & Battery •
