

LED T5 TUBE SERIES

SES-2Y-T5
15W

Technical Specifications

Watts:	18W
Size:	See Reverse
Lumen Output:	1650lm
CCT:	Cool White 6000K
Voltage:	AC100-277V
Beam Angle:	120°
Certifications:	UL DLC
CRI:	>80Ra
PF:	0.9
Lifespan:	50,000 hours
Driver:	External Only

Features

SARIN Energy is proud to offer its high-quality UL rated LED T5 Tube Lamps. This product adopts the latest LED technology with high lumen efficiency combined with specially designed integrated driver as well as external driver options. The T5 lamp provides an easy install solution with large energy savings of up to 60% while using existing T5 fixtures. SARIN LED T5 lamp eliminates the need for ballast saving maintenance cost. SARIN LED T5 lamps light provide a perfect LED solution to your T5 florescent tubes with long-life span of 50,000 hours.
