Optional:	Photocell, Motion Sensor, Surge Protector

\*3000K is Dark Sky compliant when mounted with an extruded arm.

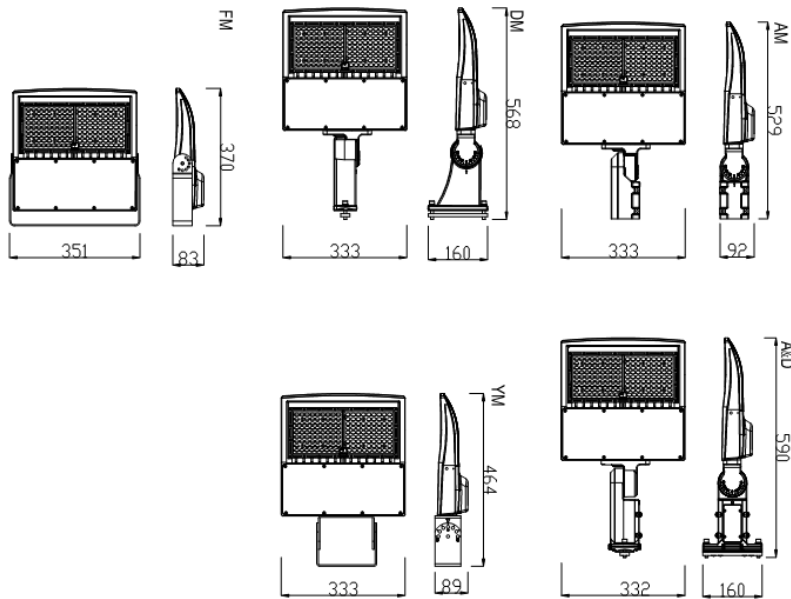

## Features

LED Shoebox Lights are commonly used to replace HPS flood lights and metal halides and can provide an energy savings of up to 70%. These flood lights are safe for outdoor use and protected from rain, snow, and weak jets of water, such as sprinklers. LED Shoebox Lights are perfect for stadiums, parks, billboards, and places of worship.
